

Vivid Sydney 2026 Freight information

If you are an international artist showcasing at Vivid Sydney, we will facilitate sea freight shipping for your installation.

Destination NSW requires that your light installation be complete and delivered to Sydney no later than two weeks prior to the Festival.

You will need to ensure that sea freight timelines have been accounted for in your project planning and ensure that delivery to Sydney by the last week of April is achievable. On average on water shipping times are Asia - 5 weeks, Europe/UK - 9 weeks and USA - 7 weeks.

To ship your installation, we will require detailed information from you; this includes but is not limited to:

- Pick up & drop off location address
- Pick up location access
- Dimensions & weight of your packed installation
- A detailed packing list
- A commercial invoice
- Import type (ATA Carnet / Temporary import)

Please ensure that you provide accurate information, as this will be included in your contract.
